Impact Open's It's New Distribution Center !!!

Impact Plastics is pleased to announce the expansion of the company with the opening of it's new Distribution Center in Huntley, IL. With the recent acquisition of Globe Casters, Inc. and the opening of the Distribution Center this enables Impact Plastics to be the "All in One" Depot for our customers needs for container lids, parts and accessories for both dumpsters and roll off containers. In addition, we also have strategically placed distribution hubs throughout the US. Our customers requests to have their shipments all coming from one location for container parts and lids has been fulfilled! Having one shipment is yet another way that we continue to provide the Waste Industry and our customers with superior customer service and support. We can now ship with your container lid orders a complete line of :

- Nose Rollers
- Polyolefin Casters
- Hinge Ears
- Lid Locks
- Corner Covers
- Ground Rollers
- Phenolic Casters
- Lid Rods
- Gussets
- Roll Off Hinges

And Much Much More!! Please call us with your special needs, including odd sized casters, lid props, padlocks and sub assemblies for casters etc.

Waste Expo 2007, Atlanta in review

The Waste Expo show in Atlanta was a huge success! This years show had 7,680 attendees compared to last year of 7,400 up 6% from last years attendance. In addition there were 550 exhibitors this year compared to 444 from last year. The traffic to our booth this year was consistent the first two days. It appeared as though people really walked the exhibits this year compared to the show in LasVegas last year. The proof is in the number of attendees.

The Double Impact Lid again this year was the highlight of the booth and the reinforced hinge-line was the answer to peoples complaints to their failures occurring at the hinge line.

We also introduced our new Polyolefin Caster and had samples on a table for everyone to see the difference. We foresee the direction of the Polyolefin to replace Mold On Rubber casters and potentially Phenolics!

Congratulations to Joe Vinagro of Patriot Disposal, RI, winner of the "closest to the pin" contest by guessing how many cotter pins were in our prize box.

The EIA Golf Invitational on Monday sponsored by Impact Plastics, Otto Environmental Services and Poynette Iron Works was a success. The weather was beautiful and a good time was had by all who attended. The Waste Expo Welcome Reception was held

in the Ocean's Ballroom at the Georgia Aquarium. This aquarium is the world's largest with more than eight million gallons of water and more than 100,000 animals of 500 different species. With two large aquatic viewing windows the exhibits were spectacular and mesmerizing.

The opening of the exhibit floor on Tuesday hosted a myriad of trucks, equipment and every imaginable waste accessory. The evenings entertaining customers making new contacts and putting a name with the face was very rewarding.

With the feedback received from the users of (cont'd p.2)

Waste Expo 2007 in Review

the Double Impact Lid all have confirmed the fact that our lids last longer! The last day of the show we still had some stragglers coming through the booth but for the most part everyone was on their way home. Or so you hoped! The Atlanta Airport only had one point of entry to all the gates so that took awhile to get through. In closing, the show was a huge success! Looking forward to the show next year to be held at **McCormick Place in Chicago, May 5-8, 2008 our Booth Number is 1425**. We are excited that the show will be in "Sweet Home Chicago". Hope to talk to you soon and see you next year!

Retirement has treated Anthony well. Former Customer/Owner of Florida Can now retired Anthony Martorana with Scott

Brain Cain of 2K and Chris Burns of Bakers Waste

La famiglia ! Scott, Dennis Vranca, Chris and Joe Vinagro of Patriot Disposal, RI.

2K - Ken Alvarez, Brian Crain Walter Tokunaga Gator

What are they looking at? Judainne Johnston, Guy Senkowski of Poynette Iron Works and Gary.

Gary always strategizing with the customer!

Ric Raines of Bakers Waste, Bob Senkowski of Poynette Iron Works and Gary. Say Cheese Bob!

Debra talking about the new Poly'O Caster.

Delores Kelley, LeAnn Parris of Bakers Waste, David Yountz and Scott.

Reclaim space in your yard and get your money back!

Did you know that Impact will give you money back for your recyclable material ?? The more we communicate with our customers we find out that they have a lot of recyclable material in their yards taking up space.

- Reduce your tipping fees at the landfill
- Reclaim valuable space on your premises
- Receive reimbursement for recycled plastic we pick up in the form of a credit against your next order

After your truckload of material is picked up Impact will fax or e-mail to you a credit memo, detailing the number of pounds picked up and applicable credit.

Impact Plastic's believes in protecting our environment and has a solution to help clean up your yard and give you money back.

Participating in the program is easy!

Impact Plastics' is a company of Integrity and our goal is to provide superior products, customer service and solutions to assist you in your everyday operations.

Our recycling program is designed to benefit the hauler network in several ways.

We arrange to have a pick up scheduled at your facility. All that you need to do is let us know you need a "pick up" and have the man power available to load the truck.

Most importantly this is another way to do our part to help protect the environment!

By recycling your discarded lids, totes, bins and other plastic recyclables you can:

If desired, pre-strap the load to ensure the maximum amount of material is loaded thus maximizing your credit!

Call 877-454-3748 today for more information and to schedule your recycle pick up!

Chatter

Impact Plastic's would like to welcome **Bill Schneegas** as Materials Manager. Bill brings to Impact 25 years of manufacturing, purchasing and warehousing experience. In this position Bill will work on getting our products to the customers efficiently and in the most cost effective manner and will manage inventory operations.

Veolia ES Solid Waste Inc., Lombard, Ill., has acquired the landfill and hauling operations of Waste Management's subsidiary near Summer, Ill

Waste Management, Houston announced plans to expand its landfill gas to energy practices adding 60 new facilities over the next five years. Its goal is to open 10 new facilities as well as begin developing 10 more by 2008.

Impact also welcomes **Luis Onofre** and **Charles Udesen** to the Distribution Center Team.

Congratulations to **Michael Nelson** of **Rumpke Consolidated Companies**, who will serve as Vice President of its Southern Market. Nelson will oversee the daily operations of facilities in Kentucky and Indiana.

If you have some information you would like to share about your company have an announcement to make, please let us know by sending your comments to: debras@impactlids.com

Congratulations to Luis Onofre and his family on the birth of their new son Luis Anthony Jr. weighing in at 7lbs. 11oz.

"The Strong Get Stronger- The Best get Better - The Weak Get Recycled!"

Have a great Summer!
